ANNUAL FUND

Essential to the growth of any independent school is a strong and well-supported Annual Fund. Designating the Annual Fund contributions for operating needs allows Grace Christian School to maintain its high standards while offering a lower tuition than would otherwise be possible. Each year Grace's constituencies, including current and former parents, trustees, alumni, employees, and friends, are solicited by mail and telephone. Since Grace Christian School is a non-profit organization with tax exempt status, all contributions are tax deductible in accordance with current IRS regulations.
